

State Offers Poplar Improvements

Plan 4 Lanes, But Parking Would Be Prohibited

City Must Decide Whether to Accept, or Route Will Bypass

Mayor Claud Gibbons today revealed the state division of highways will make extensive improvements on Poplar street from Route 45 westward to the city limits at Shaw street if the city will grant the concession of prohibiting parking along a major portion of the street.

If the city does not agree to the proposition, Mayor Gibbons said he was told by the highway division, Route 13, which moves over Poplar street, will by-pass the town.

The mayor said it was a big decision and that the sentiment of the townspeople would govern what action is taken. If a decision is made soon, the work would be done about 1959, he stated.

4-Lane Pavement

West Poplar street would be rebuilt from Shaw to Route 45 under the proposition, with the state constructing new sidewalks and installing new lighting where necessary.

The proposition calls for four-lane pavement through the town, from Shaw to Route 45. Both East Poplar and West Poplar would be widened to 52 feet except downtown between Jackson and Cherry, where the width by necessity would be held to 46 feet.

At present East Poplar street is 44 feet wide, West Poplar is 36 feet wide and the stretch between Jackson and Cherry is 41 feet in width.

Under the proposal there would be no parking on Poplar from Granger street east to Route 45 and this is the severe "rub" in the proposition, with Harrisburg having little enough parking space as it is.

Meet With Engineer

The state would pay the entire cost from Granger east to Route 45, including the cost of engineering, and 75 per cent of the construction cost plus all engineering costs from Granger west to Shaw. The city's share of this stretch would be asked because parking would be allowed in the two outer lanes.

The group was told that the pavement would be four-lane all the way through the town, with four 12-foot lanes and a four-foot division in the center except between Jackson and Cherry, where there would be four 11-foot lanes.

Meeting with W. D. McLeod, district engineer at Carbondale, were Mayor Gibbons, Commissioners Don Williams and Sneed Jordan and R. R. Brown, motor fuel tax engineer for Harrisburg.

There was no indication as to where the state highway will be relocated if the city turns down the proposition. It was pointed out, however, that if a new route is taken, Harrisburg will lose state funds it is now receiving for maintenance of Poplar street as a state highway.

Decisions By Other Towns

It also was learned that decisions have been made in other towns along Route 13. Murphysboro right now is being by-passed in new construction of the highway. The street where Route 13 goes through Carbondale is wide enough to meet specifications and the highway will continue through as at present. However, bids will be taken next year for Route 13 to by-pass Marion along the north edge of the town because there is not sufficient right-of-way through the business section to offer a plan such as has been offered here.

Mayor Gibbons admitted that the decision was a great one—especially from the parking space angle—and that he intended to find out what the town wanted to do before any decision was made, one way or another.

SIU Trustees Approve Efforts for St. Clair-Madison 4-Year College

CARBONDALE, Ill. (U.P.)—The Southern Illinois University Board of Trustees Tuesday expressed its approval of efforts to establish a four-year college program for southwest Illinois centered in the heavily populated Madison-St. Clair County area.

The board's decision was made after representatives of the Southern Illinois Council for Higher Education explained at a meeting here that the two-county area may have as many as 18,000 college students by 1970.

A resolution passed by the SIU trustees said the board would make "accelerated provisions for higher educational facilities in the area as quickly as funds become available."

Members of the council said they felt additional junior colleges or extension of present college offerings would not solve the problem. SIU officials agreed that a separate four-year college program appeared to be the best solution.

Dr. Robert Lynn, Altamont physician and chairman of the bi-county group, said increased enrollments of privately owned schools to maximum capacity "could not in any way take care of the increase we will see by 1970."

Lynn said he believed "some kind of state supported institution is necessary." Southern's help was sought, he said, because "SIU seems to be interested in us as well as in all of southern Illinois."

Dr. Frank Eversull, a Belleville minister and former college president, said the proposal was not a "flash in the pan" affair.

"All of us feel a crying need for better educational facilities and this institution is a natural for us," Eversull said.

The chairman of the SIU Board of Trustees, John Page Wham of Centralia, said a statewide campaign for financial support of a branch for southern in the area would have to be left in the hands of the council and other interested persons living in the Illinois side of the St. Louis metropolitan area.

Wham said the determining factor in the establishment of a branch university would be appropriations from the State Legislature.

Members of the council said they felt additional junior colleges or extension of present college offerings would not solve the problem. SIU officials agreed that a separate four-year college program appeared to be the best solution.

Nixon Sees Ike Support by Young People

Vice President Speaks at Southern Illinois University

EN ROUTE WITH NIXON (U.P.)—Vice President Richard M. Nixon predicted today President Eisenhower will draw more support this year from young people, women and workers than he did four years ago.

Nixon said these three "significant" groups throughout the country will give a greater percentage of their votes to the GOP presidential ticket than in the last election.

The issue of peace, Nixon said, is the major reason for the shift of the three groups to the Republican camp. In the case of wage earners, he said, "prosperity and peace" are the GOP issues causing the shift.

"The false fear many people had that a Republican administration would bring depression has been removed by the record of the Eisenhower administration and has given us a much stronger position among wage earners than we had in 1952," Nixon declared.

Speaking at Southern Illinois University at Carbondale, Nixon said that although some union leaders are openly backing the Democratic ticket they cannot "deliver" the vote of their members.

"They know they are protected by a secret ballot and they will not be intimidated to vote other than as their conscience dictates," Nixon said. "In the final analysis, they are not going to play politics with their peace and their paychecks."

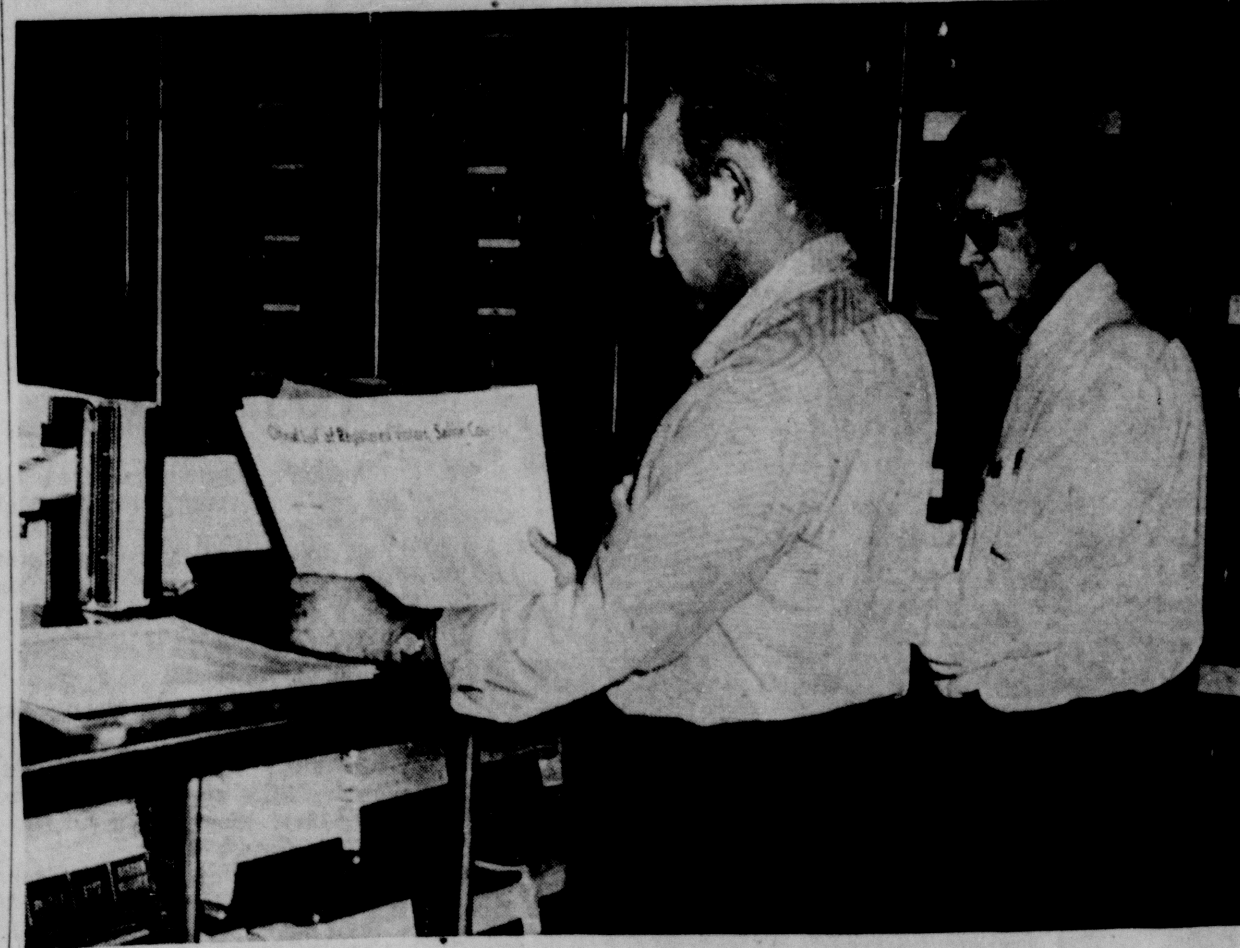

Carbondale was the first of four Illinois "whistle stops" Nixon will make before abandoning his campaign train in Chicago late today. Nixon invaded Illinois after predicting that Michigan's 20 electoral votes were safely in President Eisenhower's column.

Nixon spoke to a student audience estimated at 2,000. Not all his listeners, however, were partisan Republicans.

From the balcony of the auditorium hung two large picture placards of Democratic candidates, Adlai E. Stevenson and Sen. Estes Kefauver.

Nixon took note of the pictures of his opponents and said: "I want to pay my respects to them."

Rep. Leslie Arends (R-Ill.), GOP whip in the House, who joined the Nixon party at Carbondale, conceded to reporters that the Orville E. Hodge scandal is hurting the Republican cause in Illinois.

COUNTY CLERK DON GARRISON, left, scans a portion of the official voters list of Saline county. At his right is Nelson Berry, an employee of the County Clerk's office, who has been working the past several months on voter's registrations. (Daily Register Staff Photo)

County Clerk's Office Completes Listing of Registered Voters

The records of County Clerk Don B. Garrison show there are approximately 25,000 registered voters in Saline county.

Work of bringing the voters registration list up to date has been completed and printed lists for each precinct, as required by law, have been delivered to the clerk's office and will be available at the polls election day for any interested person.

The work of maintaining the voters registration list is both large and complex.

A county-wide alphabetical file is the master listing of registered voters. The card contains the voter's full name, street address, post office address and precinct at the time of original registration and also all changes in address and precinct.

Another permanent file is maintained by precinct. Cards in this file contain the same information as the master file, which is never removed from the clerk's office. The precinct file is available to election judges and clerks at the polling places on election day.

And the printed lists just completed will also be at the polling places for the public's use.

The law states that "at least two weeks prior to the general election in each even numbered year the County Clerk shall cause a list to be made for each precinct, of all names upon the registration record cards . . . and the County Clerk shall cause such precinct lists to be printed or typed in sufficient numbers to meet all reasonable demands . . ."

Individual Cards

In addition to the three lists—master file, precinct listing and printed lists—there also is a fourth voters registration record—the individual identification card.

The identification card is really the most important, from the individual standpoint.

New cards are mailed in Saline county every two years, Garrison stated, and any voter that fails to receive a voters identification card knows something is wrong with his registration. A visit should be made immediately to the County Clerk's office to have the error corrected.

Cards were mailed out this year several weeks ago.

Garrison points out that in the handling of the many thousands of names there will no doubt be some errors, but his office has made every effort to prepare the registration lists as accurately as it is humanly possible.

Barn Burns

A barn at the farm of Bob Bride-well seven miles northwest of Harrisburg burned early today with 600 bales of hay being destroyed in the flames, it was reported by Deputy Sheriff Everett N. Sneed.

VICE-PRESIDENT RICHARD M. NIXON AND MRS. NIXON greeted a large crowd of enthusiastic admirers as his campaign train pulled into Carbondale this morning at 7:45. Nearly 400 people were on hand to get a look at the Nixons before his speech at Shryock Auditorium on the SIU campus, scheduled for 8:45. Nixon was met at the train by Samuel Jack Scott, Republican nominee for Congress, who rode in the vice-president's car to the auditorium and introduced him to the large crowd there. Soviet Troops, Tanks Aid New Red Government

Eyewitnesses Report 350 Persons Killed So Far

VIENNA (U.P.)—Hungarians staged a revolt today against their Communist government.

Jet fighters strafed throngs in the streets and gunfire echoed through Budapest as Russian troops, tanks and armored cars answered the Hungarian regime's call for help.

Eyewitnesses reaching Austria from Budapest said "at least 350 persons have been killed so far."

The witnesses added that a "great number" of jets had been roaring over the city since early morning.

"The jets repeatedly opened fire on groups of demonstrating civilians," one witness said.

It is generally believed in Budapest that the uprising has spread all over the country.

Heavy Casualties Reported

The number of dead and wounded apparently was great.

One of the eyewitnesses reaching Austria said that "when I left the city of Budapest after noon today I saw a great number of dead soldiers and civilians in the streets."

A speaker over Budapest Radio made an appeal for "help in bringing the wounded to hospitals," indicating that reports of heavy casualties were not exaggerated.

A new Communist regime headed by Premier Imre Nagy, restored to power in the pre-dawn hours, appealed desperately but vainly for an end to the bloodshed.

Martial law was proclaimed throughout the country and the rebels ordered to surrender. An original 2 p. m. (7 a. m. CST) surrender deadline was extended another four hours.

Issue Dire Warning

Shortly before this deadline expired, Budapest Radio warned:

"Only 10 minutes are left to lay down the arms of those counter-revolutionary groups still fighting. If these groups stop fighting, their members will not be punished by death according to martial law still in force."

"But if they don't no mercy will be shown."

The capital was sealed off from the rest of the world but Budapest Radio, interspersing its pleas for peace with opera music and with the sound of gunfire clearly audible in the background, was telling the story of the first full-scale revolt in the Soviet Union's eastern European empire.

At mid-afternoon the radio admitted the rebellion had spread beyond the city.

National Merit Scholarship Test at High School Today

The National Merit Scholarship Program test is being given today at the Harrisburg Township high school. To be eligible for the test students must be in the upper five per cent of the Senior class.

HTHS students taking the test are Bill Bottomley, Robert Jones, Ann Endsley, Richard Cantrell, Bruce Bishop, Judy Franks, Judy Wiley, Charles Cummins, Joanne Priest, James Gates, Janice Bidcumb and Jim Cummins. Three of the students are in the National Honor Society. They are Robert Jones, Ann Endsley and Judy Franks.

Last year Avah Phillips from the HTHS won honorable mention in the National Merit Scholarship program.

Capt. J.H. Baker, Wife are Killed In Germany

Capt. James H. Baker, 34, and his wife, the former Lavelle Denney, 33, were both killed in an automobile accident on October 15, in Kaiserslautern, Germany. He is the son of Mr. and Mrs. Calvin M. Baker, Lexington, Tenn., and is a nephew of Mrs. Harry Martin and Mrs. Robert Vinyard, Harrisburg.

His father, who was born and reared in Saline county, moved to Lexington before Captain Baker was born.

Following receipt of news of their death last week by the parents, Mr. and Mrs. Harry Martin went to Lexington to be with the Bakers during the first hours of their sorrow.

They learned that the children of Capt. and Mrs. Baker, Linda, 6, and Steven, 4, will be escorted to the United States by plane and to the home of the grandparents.

Capt. and Mrs. Baker had been overseas 18 months, and he was due to be retired from military service in July 1957.

Mrs. Baker, whose parents live in Wichita Falls, Tex., was born and reared there, and the two bodies will be taken to Wichita Falls for burial.

Also surviving besides the two children and the parents, is a brother, Billy M. Baker, who is in the Marine Air corps.

Communism's Siren Song

EDITORIAL BY KENNETH O. GILMORE

As the election campaign gets hotter, partisans in both parties will probably start blaming each other with more bitterness for the strength of Communist power thru out the world.

This is a dangerous argument that does not solve problems. But it raises the question, "Why does communism appeal to people?"

One attempt to answer that question comes from Fred W. Kern, director of the Religious Affairs Office of the Federal Civil Defense Administration.

At the start he points out that Communist control has not come about by the free choice of the people in many cases. Yet he says there are a number of voluntary adherents to this belief.

Kern indicates that in 1952 the Communist party had control over 800 million people and by 1956 the number had gone up to one billion.

Here are several reasons he gives for the Communist appeal which he presented to a meeting of the National Women's Advisory Committee of the FCDA recently.

Communism appeals to the underprivileged, especially in Asia, because it promises relief from poverty, political oppression, and general distress, injustice and misery.

It appeals to the materialistic side of man by promising "salvation" here and now.

In spite of its dictatorial form of government, it "glorifies" man by claiming that with force and revolution he can destroy the capitalist system and make a world of perfect human beings.

Communism has been successful in countries where the church has been indifferent to oppressive governments. This was true of the church of Russia.

Communism never offers any alternative to the millions under its control, and they are indoctrinated from childhood to believe that their system is paradise, and that the rest of the world is much worse off.

"Where one central point of view is forced upon the minds of all people and every other point of view is forbidden under penalty of death, people are eventually molded or exterminated," concludes Kern. "It can also be assumed that under such a system you arrive, eventually, at intellectual stagnation."

Thinking It Over

By Robert L. Dieffenbacher, D.D. (Written for NEA Service)

People like to be self-sufficient. They like to be independent. They do not want to be beholden to others for favors or for benevolence beyond the normal give and take of neighborliness.

However, everyone reaches the point beyond which his own ability or strength will carry him. Even the drowning man would like to swim to safety without help, but when his endurance has been reached he gladly accepts the help of others.

The hungry person may be too proud to beg, and the lonely soul may not wish to accept "just any friendship." However, everyone reaches points of frustration or soul suffering when he cannot face the future all by himself.

Most people turn to God when hardship weighs so heavily that

human strength is not enough. They pray to the Heavenly Father for additional strength and comfort. Courage comes from the outside force.

No parent turns away from his child in a moment of need. Although a child has been thankless in the past a parent will give all that he has to assist his son or daughter.

Likewise God never refuses help to the human soul who turns to Him with problems too serious for human handling. God may not answer prayer in the ways we understand, but He does change circumstances so that people find relief and added strength to solve their problems.

First Baptist Church to Close Drive on Nov. 4

One hundred officers and teachers met for a dinner at the First Baptist church in Harrisburg Friday evening. The dinner was in line with the church's financial campaign and Charles Hurt gave a testimony of his experience as a tither and the blessings received in doing so. The pastor then brought a challenge to these leaders to accept God's way of financing church work. This financial campaign that the church has been in for three weeks will be brought to a close on Victory Day Nov. 4.

This week every member of the church and Sunday school will receive a copy of the 1957 budget and a personal pledge card. These cards will be brought to the church next Sunday, Oct. 28. They will be taken up in Sunday school and the department superintendents will present their department cards to the church, along with others that have not been taken up in Sunday school, at the regular offering time.

Canvass teams will go out next week to pick up the cards that were not turned in. These cards added to those already in will be added up and the results presented to the church on Nov. 4.

The church is attempting to underwrite its budget for 1957.

Cabinet Members Scatter On Speech-Making Spree

By PETER EDSON

WASHINGTON — (NEA) — President Eisenhower's Cabinet members are now being sent out in all directions to steam up their political campaigning. Republican National Committee headquarters minimizes the campaign activities of the department secretaries and says it has few commitments for their 100 per cent political appearances.

Their own offices say that most of the Cabinet speeches are non-political appearances before business groups in which their departments have a particular interest. But if in telling about the wonders of the administration programs they get in some political plugs—why that's only what you'd expect.

There are a few exceptions. Secretary of State John Foster Dulles made an early resolve to stay out of the campaign in the interest of a nonpartisan foreign policy.

But even Dulles now admits he's not sure how long he'll be able to hold out against getting involved in politics. He has already issued a statement defending the role of the President's brother, Dr. Milton Eisenhower, in dealing with Argentina's Peron.

SECRETARY OF HEALTH, Education and Welfare Marion B. Folsom is trying to stay out of politics. He feels that health and education should be nonpartisan. Folsom has issued several statements correcting what he considers mistakes in Democratic programs.

Atty. Gen. Herbert Brownell and Postmaster Gen. Arthur E. Summerfield are both former Republican national chairmen, and they're more involved politically.

Brownell has already made two speeches in California, one in New Jersey and two in Illinois. He's tentatively booked ahead for three days in New York state, two days in Missouri, two in Minnesota, then back east for two more appearances in Pennsylvania and New York.

Summerfield has spent four days in Columbus, Tiffin, Fostoria and Ashland, Ohio. He spoke before two rival organizations of postmasters Oct. 11 and 18 in St. Paul and New York, and addressed a political rally at Gettysburg, Pa., Oct. 13. On the 19th and 20th he dedicated new post offices in Dade City, St. Petersburg and Fort Lauderdale, Fla.

SECRETARY OF TREASURY George Humphrey is also trying to hold down on strictly political rallies. He went with President Eisenhower to Cleveland and Louisville and will probably go back to Cleveland for a big rally Nov. 2. But he has Connecticut and Massachusetts and maybe a few other speeches tentatively lined up.

Secretary of Labor James P. Mitchell is speaking before every labor union convention he can make. His future book includes Springfield, Ill., Seattle, Chicago and Washington.

In between he'll make straight political appearances in his home state of New Jersey, in Illinois and Ohio, and an all-day tour of Massachusetts.

Secretary of Interior Fred Seaton started campaigning when Vice President Nixon did, on Sept. 18. He's been at it ever since. His particular area is the West, where

Interior land, water, power and reclamation policies count most.

SECRETARY OF COMMERCE Sinclair Weeks has been specializing on business and trade associations like "Mid-Continent Oil and Gas Producers meeting in Houston, Municipal Bond Club in Philadelphia and the Traffic Clubs in Cleveland.

But as a former GOP Finance Committee chairman, Secretary Weeks is most useful in money-raising campaigns. Thus he is principal speaker at a \$100-a-plate Republican dinner in Des Moines and Ohio Republican Finance meetings in Cleveland and Youngstown.

None of the other Cabinet members can match campaigning with Secretary of Agriculture Ezra Taft Benson, however. He has spoken in every state of the Union.

6 HTHS Students Attend Guest Day at Southern

Six HTHS students attended the annual High School Guest Day at SIU, Oct. 20.

The students were Joy Taylor, Judy Wells, Pat Hodson, Janice Gideumb, Sara Nelson, and Joanne Priest.

The students registered from 1 to 2 p. m.

From 2 to 3, a variety show consisting of talents from the students entertained the guests.

A chat and snack hour followed at the Student Union. This gave the students a chance to become acquainted with other students.

Later guided tours of the campus were conducted and the visitors were guests for the football game that night.

The purpose of these Guest Days are for students of southern Illinois to become acquainted with Southern Illinois University.

Waitress Held On Charge of Kidnaping Son

ST. LOUIS (UP) — A 17-year old waitress was held by St. Louis police today on a warrant issued in Pulaski County, Illinois, charging her and a man companion with kidnaping her 15-month-old son.

Mrs. Barbara Calvin was in Mound City, Ill., Sunday with the man. Sheriff Robert Aldrich of Pulaski County said the man took the boy from the baby's grandparents, Mr. and Mrs. Lawrence Calvin, as they were leaving church.

Aldrich said custody of the child, Jerry Lee Calvin, was awarded to the parents of Mrs. Calvin's late husband by a Cairo, Ill., court on Oct. 15.

The baby's father was killed in an auto accident in Michigan last November.

The sheriff identified Mrs. Calvin's companion as Albert E. Vesels, St. Louis.

Officers arrested Mrs. Calvin at the Mark Twain Hotel in St. Louis, where she works, and Vesels at his home Monday night. They had the child with them, police said.

Senior Unit of Wesleyan Service Guild Meets With Mrs. Dean Hill

The October meeting of the Senior unit of the Wesleyan Service Guild of the First Methodist church was held Monday evening at the home of Mrs. Dean Hill, 410 West Poplar street, with Mrs. Winnie Morris and Mrs. Lolo Eddy assisting her as hostesses.

Miss Alice Mount presided during the business meeting at which time members planned to observe the Week of Prayer and Self Denial, October 25-31, with a service of meditation and prayer on Thursday at 12:10 p. m. in the chapel of the church.

In the continuation of the Guild's study book, "The Islands Await His Word," the devotion was presented by Miss Mary Richardson, who used as her theme "Volcanoes in the Islands." Miss Bernice Patterson, talked briefly about the islands in the southeastern Asia region, using a large map to point out the various ones and told of the several church groups sending missionaries and establishing Christian schools in these places.

Miss Patterson then introduced Mrs. L. N. Davenport who is the Youth Secretary of the North Central jurisdiction of the Methodist church. Mrs. Davenport had been asked to tell of the jurisdictional organization and how it functions. At the close of the business refreshments of cider, doughnuts and candies were served.

Social and Personal Items

Wedding Shower For Bride-to-Be

A wedding shower was held at the First General Baptist church Thursday night in honor of Mary Ellen Anderson, who will be the bride of Kenneth Dale Spurlock on Oct. 27.

Games were played and prizes won by Mrs. Dora Alice Parish and Miss Linda Lou Deaton, after which lovely gifts were opened by Miss Anderson.

Those present were:

Edna Logsdon, Belle Jerrells, Myrtle Parish, Hazel Dailey, Edna Spurlock, Myrtle Dailey, Rose Mae Wright, Juanita Ferrell, Rose Vaughn, Ollie Ferrell, Mary Ripperdan, Isabelle Ripperdan, Wanda Lee, Donna Harris, Lura Lucas, Colleen Summers, Natalie Wright, Blanche Yuhus;

Installation Services For New Officers By Baptist Married Young People's Dept.

The Married Young People's Department of the First Baptist Sunday school had a most enjoyable meeting Saturday evening, Oct. 20, beginning with a potluck supper held in the dining room of the educational building. The supper table and room were decorated with black cats, witches, and jack o'lanterns, in keeping with the Halloween season.

After the supper the departmental and class officers for the current year were installed by Mrs. Loren Butler in an impressive and inspirational installation service. Group singing led by Calvin Sutton was enjoyed, and games relating to Halloween were played. The meeting ended with a short talk by Charles Hurt, educational director of the First Baptist church and teacher of the men's class in the department. Mr. Hurt gave a cordial invitation to prospective members of the class who were present.

Mrs. Henry Hancock and Mrs. George Howerton were in charge of the decorations. Mrs. Calvin Sutton and Mrs. Charles Grisham planned the menu, and games were led by Mrs. Ron Zeigler.

Mrs. D. H. Hiller is superintendent of the department, and Mrs. R. J. Morman is teacher of the class for married young women.

Annual Carnival Friday at Galatia High School

Friday, Oct. 26, is the date set for the annual Galatia Community high school fall carnival. Activities will get underway at 9:20 with the traditional "Hobo Parade." The parade route will be the same as last year. The band, led by Brenda Weaver, will play in front of the nursing home, near the post office, and at the Galatia grade school. Prizes will be awarded the most comically-dressed boy and girl.

The doors of the school will be opened at 6:30 p. m. for the carnival. Various carnival games will be available for the public with many prizes to be won. The main attraction of the evening will be the Variety show which is free to those who pay admission to the carnival. Over twenty acts will be featured in this show.

The climax of the carnival will be the crowning of the Carnival King and Queen. These will be elected by votes which cost one penny each. Each admission ticket will entitle the holder to a number of votes for one candidate, and a voting booth will be available for the public to cast supplementary votes. All carnival proceeds go into a common fund which will be used this year to help purchase new basketball uniforms for the school teams.

Candidates for Carnival Queen are: Brenda Starkey, Linda Braden, Linda Sullivan, Darlene Hill, and Nancy Peyton. Candidates for King are Gary Bond, Dale Tate, Gene McFarland, Elbert Cantrell, and Leland Springs.

In the Probate Court of Said County.
Will F. Davis, as Administrator of the Estate of Nancy Capel, deceased, Petitioner, vs. Neppie Odum, Effie Brothers, Bell Blake, Will F. Davis, Goldie Fain, Liza Davis, Roy Davis, Hubert Davis, Sammie Davis, Della Davis, Paul Davis, Marie Wells, Geneva Chaney and Raymond Davis, Defendants.
No. 56-P5892.

PUBLICATION NOTICE
The requisite affidavit for publication having been filed, notice is hereby given to you, Neppie Odum, Effie Brothers, Bell Blake, Will F. Davis, Goldie Fain, Liza Davis, Roy Davis, Paul Davis, Marie Wells, Geneva Chaney and Raymond Davis; Hubert Davis, Sammie Davis and Della Davis, that a petition has been filed in the Probate Court of Saline County, Illinois, by Will F. Davis, administrator of the Estate of Nancy Capel, deceased, for an order to sell certain premises belonging to the estate of said deceased, or so much thereof as may be needed to pay the debts of said deceased, which premises are described as follows, to-wit:

A part of the Southeast Quarter (SE¹/₄) of the Northeast Quarter (NE¹/₄) of Section Three (3), Township Ten (10), south, Range Five (5), east of the Third Principal Meridian, situated in the County of Saline and State of Illinois and more particularly described as follows: Beginning at the southwest (SW) corner of Lot Four (4), Block Three (3) in Anderson's Addition to Carrier Mills; thence west across the street to a point directly west of the southwest of said lot, as a beginning point; thence north one hundred fifty (150) feet; thence west fifty (50) feet; thence south one hundred fifty (150) feet to the point of beginning;

That summons was duly issued against you as provided by law, and such suit is still pending.

Now, therefore, unless you, Neppie Odum, Effie Brothers, Bell Blake, Will F. Davis, Goldie Fain, Liza Davis, Roy Davis, Hubert Davis, Sammie Davis, Della Davis, Paul Davis, Marie Wells, Geneva Chaney and Raymond Davis, file your answer to the Petition in said cause, or otherwise make your appearance herein at the said Probate Court of Saline County, held in the Court House in the City of Harrisburg, Illinois, on or before the 20th day of November, A. D., 1956, default may be entered against you at any time after that day, and a decree entered in accordance with the prayer of said petition.

Family Night Halloween Party Honors New Pastor Of Methodist Church

A family night Halloween party was enjoyed at the Galatia Methodist church to welcome the new pastor and his family, Rev. and Mrs. Peter Kunnen and son, Larry, from Marion. They were called to the Galatia church in the absence of the Rev. Roy Hudson, who was called into another field at Mill Shoals.

Rev. Kunnen and family will be moving in the very near future to the parsonage in Galatia to begin his work here.

Family night was a colorful affair and the masqueraders proved very successful in their disguise. It took some time for the judges, Arthur Hill, Carl Harris, John Boyett and Sibel Lee, Griffie Triplett, to identify the masqueraders.

The person who appeared in evening black costume and was chosen to be best masked in her "meeting" dress proved to be none other than Howard Malone and the best dressed couple was Sibel Peyton and John Boyett. Helen Hill and Lucille Lewis were judges for selecting these winners.

Refreshments of sandwiches, pie, cake, coffee and Kool Aid were served to the following:

Messrs. and Mesdames Bill Oglesby, Howard Malone, Bud Peyton, John Malone, Pink Boyett, Arthur Hill, Carl D. Harris, John Boyett and Sibel Lee, Griffie Triplett, James Ritchey;

Rev. and Mrs. Peter Kunnen and son, Larry, Rev. and Mrs. Buddy Peyton, Mr. and Mrs. Paul H. Lewis, Mr. and Mrs. Wallace Stewart, Mrs. Jane Wickham, Mrs. Arrah Cain, Mrs. Elizabeth Baker, Mrs. Bedie Harris, Mrs. Cherry;

Sharon M. Lewis, Carla Harris, Nancy Peyton, Brenda Starkey, Thelma Malone, Brenda Malone, Martha May Stewart, Jeanetta Boyett, Janett Wickham, Bucky Bovinet, Pat Triplett, Rodger Hill, Billie Oglesby.

The lower rooms and tables were beautifully decorated in keeping with the fall and Halloween seasons. Decorations were by Helen Hill and Roberta Boyett.

Farewell Supper For Rev. Hudson and Family

A buffet farewell supper was given Wednesday evening in honor of the Rev. and Mrs. Roy Hudson and family, former pastor of the Galatia Methodist church. The affair was held in the lower rooms of the church and was the occasion for thanking the Hudsons for their good work during their stay at the church and wishing them much happiness and success in their new field.

Youth Center Boards Meet; Area Groups at Cairo

The adult and junior boards of the Harrisburg Youth Center held their quarterly meeting Thursday, Oct. 18. Twenty of the 24 organizations belonging to the board were represented.

Mrs. Carl Rude, president, expressed thanks to Mrs. Donna Wirth, Mrs. Connie Ford and Mrs. Pat Davenport for purchasing the much needed tables for the youth center. She suggested they were still in need of a dressing table for the girls' powder room and because so many of the members of the youth center enjoyed ping-pong there is a need for another ping-pong table.

The quarterly meeting of southern Illinois Teen Towns was held in Cairo, Oct. 10, with Mrs. Carl Rude, Mrs. Connie Ford, Stobart Abney, Joan Seright, and Chuck Ford representing the Harrisburg Youth Center. An interesting report was given by the representatives on the operation and activities of the Murphysboro, Marion, Anna-Jonesboro, and Herrin Teen Towns.

The next quarterly meeting will be held in January at Herrin, which is the oldest Teen Town in Illinois. Through the discussion and exchange of ideas and activities, the board felt that the Harrisburg Youth Center was fortunate for having such wonderful quarters made available by the generosity of the Eagles.

It was also brought to the attention of the board that Harrisburg Youth Center was the only one without television. The president appointed Louis Murphy, Eugene Morris, and the chairmen of all standing committees to investigate the possibility of securing television for the youth center.

Mr. Abney thanked the board for the wonderful chaperones the various organizations had supplied.

It was announced that a news letter would be sent in the near future to each of the organizations which sponsor the youth center acquainting them with activities for the past year.

The entertainment committee announced that a Halloween party was being planned.

Hill Explains S.S. Changes for Women Under 65

Working women and wives of retired workers who elect to start getting social security payments between ages 62 and 65 will get a reduced payment, and the payment will continue at a reduced rate when they reach 65, E. Bishop Hill, district manager of the Harrisburg social security office, pointed out today.

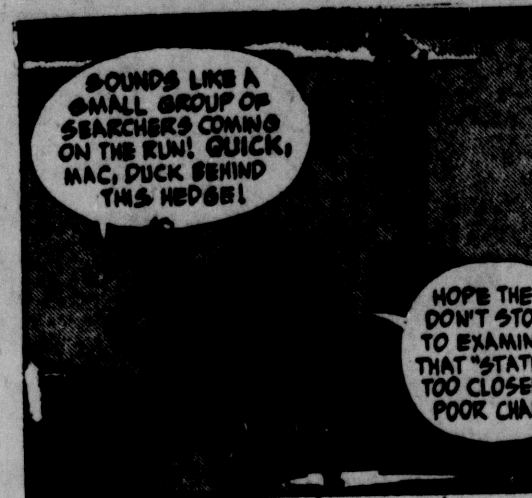

"Some women who plan to apply for benefit payments between the ages of 62 and 65 have misunderstood, thinking that the reduction is only a temporary one, and that they will start getting the full amount at age 65," Mr. Hill said. "The law doesn't work that way. The reduction is permanent."

If a working woman decides to start getting payments at age 62, each month's payment will be 80 percent of what she would get if she were 65. Every month she waits after age 62 and before 65 to start getting payments the reduction will be less, but if she takes payments in order to get them before she reaches 65, they will continue to be made at a reduced amount even after she reaches age 65.

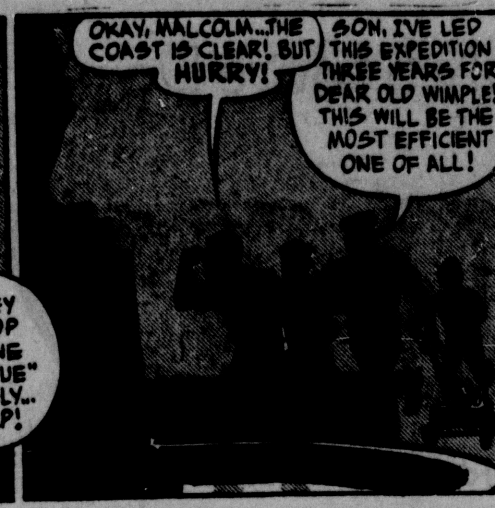

In the case of a dependent wife the reduced benefit at age 62 will be 75 percent of what she would get if she waited until age 65. She too will continue to receive reduced benefits if she takes them before reaching 65.

First payments under the new provision will be made to women 62 years of age or older for November 1956. These checks will be mailed during the first week of December to women who have worked under the law long enough to be insured, or who are the survivors or dependents of insured workers. Monthly payments to widows are never reduced, Mr. Hill added.

United States Auto Club

Never before in history has anything
built by man traveled so far in so short a time
—by land or sea!

An announcement of decisive importance to anyone about to buy a new automobile

The most exhaustive endurance test ever given an automobile has just been completed by two stock '57 Fords—identical in every respect with cars now being offered by Ford Dealers.

Under supervision of the United States Auto Club and the Federation Internationale de Automobile, each of these two '57 Fords traveled 50,000 miles in less than 20 days. Ford No. 1 averaged 108.16 mph for the entire run... Ford No. 2, over 107 mph. These averages include time for all pit stops.

In all, the '57 Ford smashed 458 national and international records.

This test was run on the Bonneville Salt Flats in Utah... it was the longest left turn in history.

A car, like a man, is known by its deeds, not words.

That is why, we at Ford, despite our confidence in our '57 cars, let their deeds of accomplishment speak for themselves.

We wanted them to prove to you—in action—the stamina and performance we had built into them. No words of ours could speak with equal conviction.

Therefore, we engaged an independent engineering organization to test our '57 cars more thoroughly than any other cars have ever been tested before—in this country or abroad.

We provided them with '57 Fords—cars identical with those now offered by Ford Dealers. The rest we left up to them.

Here is what they did:

They took these cars to the Salt Flats at Bonneville, Utah.

Here, twelve of the world's greatest drivers took over.

In relays they drove these cars night and day for a distance greater than twice around the world... a distance equal to 5 years of normal driving.

Not in all history has a man-built machine traveled so far in so short a time—by land or sea!

But this was not a test of speed—but of endurance of the "Inner Ford." A trial to take the measure of Thunderbird Y-block V-8, power without qualification of any kind. A test of running gear—of brakes, of materials in body and chassis. Of steering and roadability, yes, and comfort, too!

A test, indeed, such as no cars have ever undergone, let alone successfully concluded.

We feel that by their deeds, you shall know the '57 Ford cars.

Surely they have told you, in decisive terms, that they are worth more when you buy... and when you sell!

Your Ford Dealer will gladly place at your disposal the new kind of Ford that means a new kind of value for your car-buying dollar—the greatest the world has ever seen.

No Contact with U. S. Legation

WASHINGTON (AP)—The State Department has been unable to contact the U. S. legation in Budapest since late Tuesday, officials reported today.

Officials said efforts to make telephone contact between Washington and Budapest early today were to no avail.

There was no firm explanation of the communications breakdown. Officials said they did not know whether the trouble was mechanical or whether Hungarian authorities had halted communications during disorders in the capital.

Local Kiwanians And Wives Attend Divisional Meeting

Eight members of the Harrisburg Kiwanis club and their wives attended a divisional ladies' night meeting at Carbondale last night at which more than 100 persons were in attendance from nine of the 13 clubs in the division.

The meeting was held at the First Christian church and Illinois-Eastern Iowa District Governor Michael Rachwalski and his wife from Chicago were special guests.

Joseph R. Ragsdale, president of the Carbondale club, welcomed the visiting Kiwanians and their wives and Leon Whitney of Anna, Lieutenant Governor of Division 16, was in charge of the meeting.

Lieutenant Governor Fred Wundelich of the local club was introduced and Loy Barger was one of the past lieutenant governors who received recognition.

Miss Joan Henson and Bert Fry, accompanied by the piano by Evelyn Walters, all of Southern Illinois University, sang for the entertainment of the large group.

A regular meeting of the local club by the members who did not attend the divisional meeting was held at the Masonic temple.

Nickell Freed On \$2,500 Bond

CHICAGO (AP)—Vernon L. Nickell, state superintendent of public instruction, was free on \$2,500 bond today after surrendering in court on charges of conspiracy to cheat the state in school lunchroom food-hauling contracts.

Nickell, 65, appeared Tuesday before Criminal Court Judge Wilbert F. Crowley.

George Bieber, attorney for Nickell, previously had entered innocent pleas for Nickell on charges of conspiracy to cheat, defraud and obtain money on false pretenses, conspiracy to fix prices and conspiracy to prevent competition.

UN Observes 11th Anniversary

UNITED NATIONS, N. Y. (AP)—The United Nations celebrated its 11th anniversary today in ceremonies here and in capitals and provinces throughout the world.

Since 1947, when the General Assembly designated Oct. 24—the date on which the U. N. charter came into force in 1945—as United Nations Day, observances have increased steadily in number and variety. Last year, 92 countries held celebrations and the number was expected to be greater this year.

Butler Letter Asks Stratton for Campaign Donation

CHICAGO (AP)—Gov. William G. Stratton, campaigning for re-election, has received a letter from Democratic national chairman Paul M. Butler seeking a contribution for the party's presidential ticket.

The letter addressed the Republican Illinois governor as "dear fellow Democrat."

Stratton said he would not contribute.

Soviet Troops In Poland to Return to Bases

WARSAW (AP)—Premier Jozef Cyrankiewicz told parliament today that all Russian troops in Poland would return to specifically defined Warsaw Pact bases within two days.

Cyrankiewicz also declared firmly that "decision on all Polish matters are now exclusively in Polish hands."

Cyrankiewicz made his announcement when he appeared before the second session of the current meeting of the Sejm parliament to report on the "present situation" in this country.

He spoke against a background of reduced tension inside Poland, but with news of revolt in Communist Hungary reverberating across the world.

Confirms Russ Troop Shifts
The Polish Communist Party restored Wladyslaw Gomulka to power last weekend in a bloodless reassertion of national rights over Russian control. But in Hungary a similar move to remove Russian domination resulted in open civil war.

The report by Cyrankiewicz was the first formal indication that Soviet troops actually had moved during the weekend upheaval that restored Gomulka as premier in Poland's move toward national independence within the Communist camp.

Tuesday, authoritative sources said Russia had ordered its Polish-based troops back to their camps and Russian warships out of Polish waters. Today Cyrankiewicz made these reports official when he said:

"Within two days Soviet troops will be back in their bases defined under the Warsaw military pact."

Daley Admits Receiving Checks

CHICAGO (AP)—The name of Chicago Mayor Richard J. Daley, leader of Cook County politicians, has joined a roster of prominent politicians whose names have been linked with alleged irregularities.

Daley admitted late Tuesday that his political campaign fund in 1955 was increased by two checks totaling \$5,000 that were drawn on the Southmoor Bank & Trust Co.

The bank was frequently mentioned throughout the Orville E. Hodge scandal. It's former president, Edward A. Hintz, is now serving time for aiding the ex-auditor in his million-dollar embezzlement of state funds.

Daley said that two checks were donations from the Riley Coal Co. here. Joseph A. Riley, an officer in the coal company, is also a director at the Southmoor Bank.

Daley at first denied ever receiving the checks, but later admitted that a check of his files verified their receipt.

Army Service May Be Close for Elvis Presley

MEMPHIS, Tenn. (AP)—Elvis Presley, the rock 'n' roll singing idol of teenagers, has received a draft questionnaire and believes Army service is "real close."

But to some it looked more like an enlistment than an induction.

Presley confirmed to United Press Tuesday night that he received what he took to be a routine draft questionnaire from his local board here three weeks ago, but board officials denied they knew anything about it.

Although the 21-year-old Presley described the matter as being a routine induction process draft officials suggested the singer may be quietly arranging an enlistment. Otherwise, they said, Presley would not have received a questionnaire which they did not know about.

Mrs. Hettie Jones Dies at Ridgway

Mrs. Hettie May Jones died suddenly Tuesday evening at her home in Ridgway.

She was the mother of Mrs. Emma Anderson of East Alton, Mrs. Willard Goforth of Ridgway, John Jones, Cold Water, Kan., George and Willard Jones, both of Ridgway, Andrew Jones, Wood River, and Emil Jones, Evansville, Ind.

The body was received by the Smith and Edwards funeral home of Ridgway. Funeral plans have

Will Continue H-Tests for Sake Of Peace: Ike

WASHINGTON (AP)—President Eisenhower is ready not only to stop H-bomb tests, but "to put all nuclear weapons aside permanently" as soon as "one basic requirement is met."

"This requirement is that we, as a nation, and all peoples, know safety from attack."

But until "properly safeguarded international agreements can be reached," this country must continue to develop "the most advanced weapons—for the sake of our own national safety, for the sake of all free nations, for the sake of peace itself."

The President thus capsuled his H-bomb policy late Tuesday in releasing from the White House two long official memoranda detailing the history of U. S. nuclear developments and the history of U. S. efforts to control the atom for peace since 1945.

The President's statement and the two documents—which he called "a full and explicit review" of American nuclear policies and actions—dealt at length with Adlai E. Stevenson's proposals for banning H-bomb tests.

The documents also disclosed that Mr. Eisenhower twice—in late June, 1954, and again in June, 1955—approved inter-agency recommendations that the United States should not agree to a "test moratorium" in the absence of a disarmament agreement.

The first action followed a test ban recommendation by Prime Minister Jawaharlal Nehru of India on April 2, 1954. Nehru's proposal was echoed by the Communist world peace council.

The second followed a Soviet proposal for prohibition of tests, "without provision of safeguards," and a report by presidential disarmament adviser Harold E. Stassen stressing "the absolute necessity of effective inspection in any agreement" with Russia.

Stevenson has said a simple test ban agreement with the Russians is sufficient because if they cheat and explode an H-bomb "we would immediately detect it."

President Eisenhower: It is impossible "to have positive assurance of such detection except in the case of the largest weapons. Nor is it possible to state, immediately following the long-range detection of a test, its size and character."

Stevenson has said H-bombs contaminate the atmosphere and cause genetic damage endangering children yet unborn.

Restitution by Hodge Will Fall Short: Morey

SPRINGFIELD, Ill. (AP)—Orville E. Hodge's restitution will fall from \$200,000 to \$300,000 short of full payment to the state for his huge embezzlement, figures released by State Auditor Lloyd Morey indicated today.

Morey's figures also indicated Hodge stole about \$300,000 more than the \$637,000 he was sent to prison for stealing. And the figure could go higher, Morey said.

John S. Rendleman, special assistant attorney general, however, said banks which cashed Hodge's phony state checks could be sued for whatever loss the state sustains on Hodge's thefts.

Morey released a preliminary report on an audit of Hodge's administration which showed Hodge's thefts totaled \$1,447,212.

Of this total, Hodge replaced in the state unclaimed deposit trust funds \$528,000.

This left the total loss to the state at \$900,527, including \$882,722 from cashing phony checks and \$17,805 from the unclaimed deposit trust funds.

The value of Hodge's assets turned over to the state as restitution has been variously estimated from \$600,000 to \$700,000.

Morey said all the state has recovered so far is \$50,000 paid by the firm which bonded Hodge. He said the state has claim to Hodge's assets but that none of these has been sold so far and the state has not actually realized any cash return from them.

Hodge's wife, Margaret, has served notice she will sue for return to her of upwards of \$100,000 in assets turned over to the state in restitution.

Annual Horace Mann PTA Carnival Friday Evening

The Horace Mann school will hold its annual P. T. A. Carnival Friday evening, Oct. 26.

Dinner will be served in the basement rooms of the school building from 5 to 7 p. m. and a delicious menu is planned.

There will be a variety of fun making events and artistic performances in the various rooms including pantomimes, Believe It or Not Shows, "Elvis Presley" Musical Revue, Silent Auction, candy shop, rummage sale, cartoon movies and others.

Following the room shows from 7 to 8:30 p. m., the grand finale, "Do You Trust Your Wife," will be presented on the stage in the auditorium. The show will star local talent.

The public is cordially invited.

Report 8-Team Cross Country Grid Conference Under Consideration

Would Include Notre Dame, Army, Pitt, Other Greats

SAN FRANCISCO (AP)—A new "super" football conference, including eight of the greatest college gridiron powers in the nation, is under consideration today with a target date for formation around 1960.

The conference, the United Press learned exclusively, would include such great teams as Notre Dame, Army, Navy, Pitt, Oklahoma, the new Air Force Academy in Colorado and UCLA and Southern California from the West Coast.

Approached on Conference Col. Robert V. Whitlow, athletic director at the U. S. Air Force Academy, said he had been approached on the proposed conference—but did not reveal who approached him.

"It has been mostly in the nature of sounding out so far," said Col. Whitlow. He said that there were several factors involved in whether the Air Force team would be interested in joining. One of these was the time element.

"The Air Force Academy would not be ready for such competition for several years," he said.

At Pittsburgh, Athletic Director Capt. Tom Hamilton said: "I can't say yes or no about joining such an organization at this time, because nothing is very concrete. However, we are keeping an open mind to such an idea."

Hamilton admitted he was receptive to the idea of having Pitt hook up with a football conference.

its schedule filled for the next three years. Proponents of the conference, however, do not plan organization until 1960—or later.

Coach Red Blaik of the Army said the plan for the conference was first broached two years ago.

"But nobody had contacted authorities at West Point since that time," he added.

Several of the other schools deny ever having considered such a conference.

Deny Discussions Athletic directors Wilbur Johns of UCLA and Willis O. Hunter of USC both denied any discussions on the proposed cross-country loop. However, despite the denials, there is strong reason to believe that they have been contacted.

There have been indications ever since the Pacific Coast Conference slapped a fine on the two schools and banned them from the Rose Bowl for "under the table" pay-offs to athletes that they have been considering withdrawal from the PCC.

Moose Krause, athletic director at Notre Dame, said he had not been contacted. He refused to comment on whether the Irish would be interested in such a league.

But a reliable source said that Notre Dame, Pitt and Army already had signified their approval for the conference—if Navy would approve.

But Navy reportedly has turned thumbs down on the proposal.

and the trucks and machines toiled with bright headlights in a shadowy world.

The Daily Register, Harrisburg, Illinois Wednesday, October 24, 1956 Page Nine

By Thursday afternoon, Nov. 29, the battle of Harrington was resolved. The city still shuddered from the ceaseless explosions raging within the firestorm, but the velocity of the gale rushing in ward from the countryside was abating; the central pillar of flame perceptibly diminished, and the end of the incredible fire monster seemed in sight.

The dawn of Nov. 29 was revealed in the dim and unreal light of a sky totally hidden from the stunned survivors. A ghastly orange pall shrouded Harrington, deathlike in its strangeness. The men and women still bending to their tasks after their ordeal by fire through the city's nocturnal paroxysm were exhausted, too spent in energy to engage in useless shouting of words to one another. The silence was pierced only by the staccato blasts of the bulldozers and heavy machinery.

By the afternoon the orange pall lightened to a yellow-gray murk, and the trucks and machines toiled with bright headlights in a shadowy world.

A hand shook Thompson out of his half-sleep, half-stupor. The distraught man looked up, saw the face of Morris Goldblum, Colonel Buyers' operations chief. Goldblum was smiling. "Hank, I've got some good news for you."

Thompson sat up abruptly, hope gleaming in his eyes. "What... what is it, Morris?" he stammered.

Goldblum's grin broadened. "Another welfare list just came in by messenger. One of the girls told me that she saw your young boy's name on the list. He's being evacuated with a large group of children separated from their parents; we'll know exactly where by tomorrow."

Picking the Grid Winners IN THE Sports Parade

By OSCAR FRALEY United Press Sports Writer NEW YORK (AP)—Fraleley's follies and the weekend football "winners"—looking for an upset weekend.

Game Of The Week Oklahoma over Notre Dame—No upset here. The Sooners would sooner beat Notre Dame worse than Michigan State did—and just might against an Irish team which can't seem to jell.

The East West Virginia over Penn State—Looking for the Ohio State let-down.

Pitt over Oregon—The Panthers are panting again. Yale over Colgate—Too much of everything.

Navy over Penn—Ending another winning streak of one. Also: Syracuse over Boston U., Army over Columbia, Dartmouth over Harvard, Princeton over Cornell, Florida State over Villanova, Temple over Bucknell, Rutgers over Lehigh, Lafayette over Gettysburg and Brown over Rhode Island.

The Midwest Michigan over Minnesota—One of those old-fashioned crunchers. Michigan State over Illinois—On sheer finesse.

Purdue over Iowa—Shakily. Ohio State over Wisconsin—The big bounce. Also: Northwestern over Indiana, Missouri over Iowa State, Colorado over Nebraska, Boston College over Detroit and Cincinnati over Marquette.

The West Southern Cal over Stanford—Really underrated. UCLA over Oregon State—Tough, lad, tough. Washington over California—Anything goes.

Washington State over COP—A gallop. Also: Wyoming over Kansas State, Utah over Idaho, Utah State over Brigham Young and New Mexico over Denver.

The South Tennessee over Maryland—But they'll get going one of these weeks. Georgia Tech over Tulane—Could be.

Duke over North Carolina State—Too much beef. Mississippi State over Alabama—Real low tide.

Also: Florida over LSU, North Carolina over Wake Forest, Vanderbilt over Middle Tennessee, Clemson over South Carolina, Auburn over Houston, Virginia over Virginia Tech and W & M over George Washington.

The Southwest Miami over Texas Christian—Swink, swank, swank. Baylor over Texas Aggies—The blueplate special.

Mississippi over Arkansas—A tough turkey shoot. Rice over Texas—Without confidence.

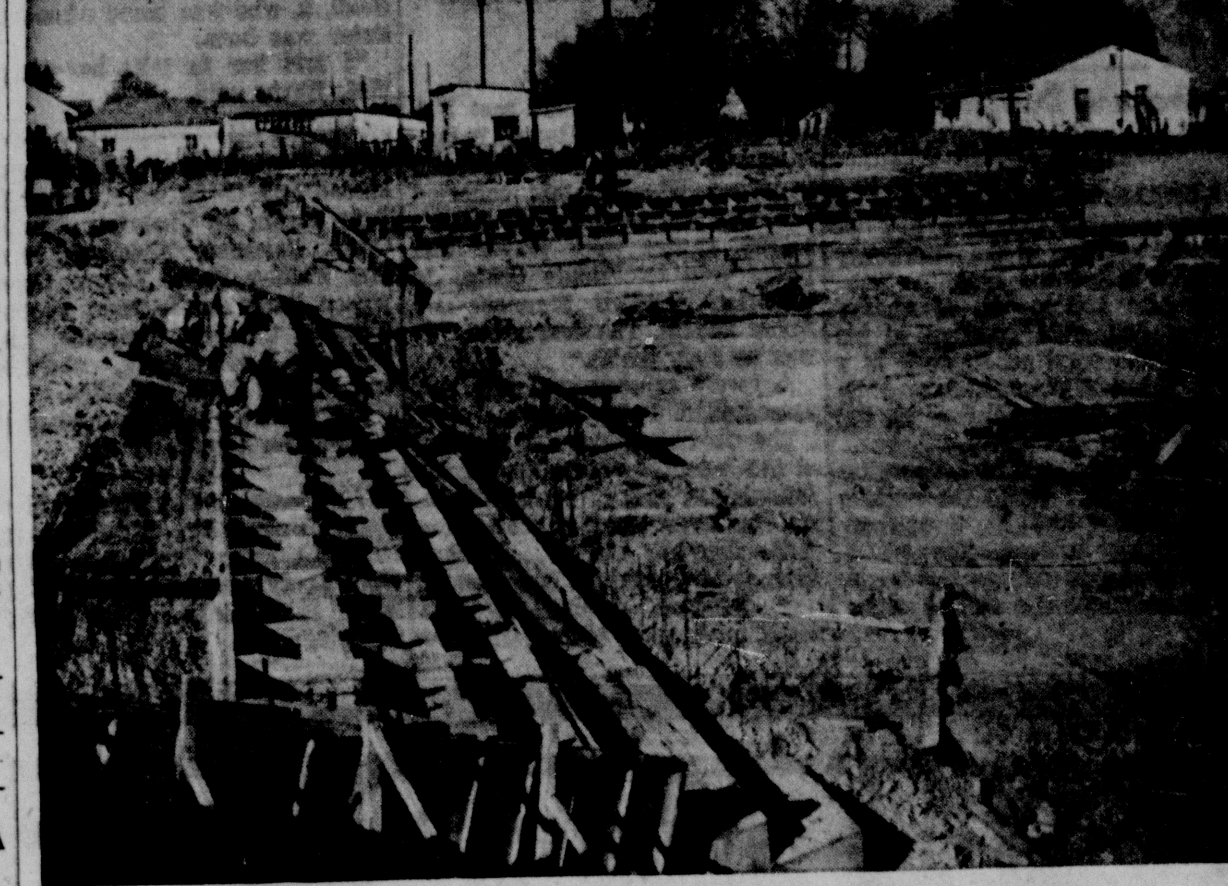

Also: Tulsa over Hardin-Simmons, Arizona State over San Jose State, Kansas over Oklahoma A & M, and Texas Tech over Arizona.

Michigan State, Oklahoma, Georgia Tech Picked to Win

NEW YORK (AP)—Michigan State, Oklahoma and Georgia Tech, the three top-ranked teams in the nation, were all rated solid favorites by Broadway oddsmakers today to continue undefeated on Saturday.

The oddsmakers made Michigan State, which replaced Oklahoma as the No. 1 team this week, a 19-point choice over Illinois in their Big Ten tussle at Champaign-Urbana, Ill.

Oklahoma, shooting for its 35th straight victory after setting a new modern major college winning record last Saturday, was a 21-point favorite over battered Notre Dame in a nationally-televised game at South Ben, Ind. The Irish handed the Sooners their last defeat, 28-21, in the 1953 season opener.

THE \$540,000 BUILDING PROJECT at Eldorado Township high school is coming along nicely. Principal W. A. Knoop reported, and the above photos show progress being made. Top photo shows a general view of the new physical education building northeast of the present school buildings between Main street and Saline avenue, with the camera pointing toward the northwest. Concrete is now being poured for the bowl-type gym that will seat 3,600 persons. Lower photo shows a closeup of the gym, looking from the south at the concrete work for the east main stands. The construction work for the physical education building, which will have a brick exterior, and the agriculture and industrial arts building to the west, which will be of brick and steel, is being done under contract by F. E. Holmes and Son of Marion. Principal Knoop said it was hoped the buildings would be completed by September 1, 1957. (Daily Register Staff Photos)

Calufetti Shifts Bull Dog Lineup to Prepare for Game at Wood River Friday

Coach Lawrence Calufetti this week made some lineup shifts as he prepared for the Friday trip to Wood River for a non-conference grid contest that evening.

In an effort to get more speed into his backfield, Bill Yates, fastest man on the entire squad, is being groomed to play at left half. Yates has been one of the iron men at end, he and Bud Logan playing practically 60 minutes of every game. Both are juniors.

With Yates' end position vacated, Ray Hassett, junior tackle, has been shifted over to end. Hassett, a good basketball man, should fit into the position all right.

Jack Simpson, used chiefly on defense this year at tackle and center, has been moved into the first string offensive tackle post left open by Hassett's move as Calufetti tries to get the most out of his meager squad. Hassett and Simpson, too are juniors.

Departing from the squad this week was Trevor Whiteside, senior halfback, who has had almost constant trouble with an ankle. Whiteside left the Herrin game in the opening minutes because his ankle was reinjured and did not get back into the game.

Whiteside's departure leaves Calufetti with a varsity squad of 22, composed of five sophomores, 13 juniors and four seniors.

The team will leave here around noon Friday and the game will start at seven o'clock-Harrisburg time, which is 8 p. m. Wood River daylight savings time. The contest will be broadcast over WEBQ.

Penn State's Rip Engle Named Coach of Week

UNIVERSITY PARK, Pa. (AP)—He's been the dean of pessimists for years on this picturesque campus but this season he has been under "doctor's orders" to look on the brighter side.

He has a football team that is making that task relatively easy. He's the United Press Coach of the Week, Charles (Rip) Engle, a kindly white-haired guy whose Penn State Nittany Lions subdued Ohio State's Scarlet Scourge, 7-0, Saturday in the upset of the year to date.

There were many things that helped, but Engle said it simply showed that "we wanted to win this one more than Ohio State did."

Delivers Own Baby; Can't Get Birth Certificate

DETROIT (AP)—A Detroit suburban mother, denied a birth certificate for her week-old baby because there were no witnesses, revealed she delivered the child herself while home alone.

"Having the baby was easy," she said today. "The hard part is getting a birth certificate."

Mrs. Marie Hayes, 30, a registered nurse in her native Germany before coming here, said her husband, Luther, a television technician, was at work last week when the baby was born.

"It all happened in about a half-hour and I didn't have time to call anyone," she said. She said that she could not get a birth certificate from either the Oakland County Health Department or the local city clerk because there were no witnesses.

The mother said she was told if she filed a sworn statement that the child was hers, a certificate could be obtained.

The Hayes have another child, Heidi, 2, who was home when her sister was born. "I told her to take her nap," Mrs. Hayes said.

cream, crackers with a cheese spread and Cokes were served to Judy Smith, Jo Gilchrist, Winnie Craig, Rosemary Nicholson, Marjory Whiting, Nellie Yocum, Gwen Wilson, Patty Durfee, Nina Patton, a guest, Carolyn Simmons, the hostess, Bonnie Bolin, and her sons, David Keith and Mike.

Patty Durfee will be hostess to the club on Nov. 8.

Mrs. Mary Louise Martin, Mrs. Gladys Beggs, Mrs. Muriel Thomas, Mrs. Betty Molsinger, Mrs. Opal Santy and Mrs. Aline Hart were in Paducah, Ky., Friday shopping.

Fort Snelling, built where the Mississippi and Minnesota Rivers join, was first known as Fort St. Anthony. Gen. Winfield Scott visited the fort shortly after its completion and renamed it in honor of Josiah Snelling, who supervised its construction.
